

Sharing with you a story of change in the life of Nisha Thakur, a student at one of our Mission Education Centres.

*My father works as a cleaner in a jewellery shop. I love the sparkling office that remains clean all the time. Whenever he takes me to the shop, I quietly sit in a corner and not say anything or touch anything. Everything in that store is so beautiful; it feels like it would get dirty if I touch it. I would see so many women come there and buy all kinds of rings and necklaces. Sometimes, I would get sad thinking that I would never be able to buy anything that beautiful. But papa says – I am more precious than any jewel, and my smile is worth more than all the gems in the store.”*

- Nisha Thakur (Class 5, Smile Foundation’s Mission Education centre)

Nisha is one of the 30,000 children who are provided with quality education and nutrition at Smile Foundation’s Mission Education centers across India every year. This has been made possible with the trust and commitment of responsible individuals like you and hence, we take this moment to thank you for your kind support towards the lesser privileged children and their families.

We hope you will continue to give constant support to the cause and keep spreading smiles through your contribution!
